Principle 6: Environmental Protection and Stewardship

The Company remains committed to achieving significant progress in reducing its environmental footprint. We aspire to substantially lower our greenhouse gas emissions over time and are working towards a more sustainable future, subject to operational feasibility and evolving regulatory guidance.

Table 1: GHG Emissions (Scope 1 and Scope 2)

Parameter	FY 2022-23	FY 2023-24	Unit
Scope 1 Emissions	12,450	13,120	tCO2e
Scope 2 Emissions	8,900	9,340	tCO2e
Water Consumption	1,20,000	1,26,500	KL

Principle 3: Employee Well-being and Safety

The Company provided 42,300 total training hours to employees during the reporting period, a 15% increase over the previous year. 98.2% of permanent employees received health insurance coverage, and zero fatalities were recorded across all operations.
